Dear Sir Robert:-

On Tuesday, March 11th, the Academy of Medicine is having a joint meeting of the Sections of Medicine and Pathology. As you will see from the programme it is made up chiefly by men from the Veterinary Colleges, and so far as I know, this is the first time they have had an opportunity of addressing the Academy. I am expecting a very interesting meeting, and if you could find time to honour us with your presence, I know the Fellows will all be delighted to see you.

Yours sincerely,

Robert T. Noble,

Chairman,
Section of Medicine.
